ACKNOWLEDGEMENT

I wish to express my thanks and immense gratitude to my project guide and supervisor Mr. Amit Trivedi under whose kind advices this project has been prepared.

His able guidance, valuable suggestions at various stages of the project has benefited in the completion of the same.

I also express my deep sense of gratitude to Ms Seema Tara (PRINCIPAL) for providing all facilities for the project work.

NAME: - Abhinav Kumar Mishra

XII Science

CERTIFICATE

This is to certify that "ABHINAV KUMAR MISHRA" of class XII has completed this project titled "PROJECT TITLE" under my supervision. I certify that this project is up to my expectation and as per the guidelines issued by CBSE, and may be considered as part of the practical exam of AISSCE conducted by CBSE.

Mr. Amit Trivedi
PGT Computer Science
Army Public School
S P MARG, LKO

Ms Seema Tara
Principal
Army Public School
S P MARG, LKO

Certificate

This is to certify that "ABHINAV KUMAR MISHRA" of class XII, Army Public School, Sardar Patel Marg Lucknow has successfully completed his/her project in computer practical's as prescribed by CBSE in the year 2022-2023.

Signature of External Examiner

_____ _____

System Requirments

1. PLATFORM:

- Windows 11

2. SOFTWARE:

- PYTHON IDLE 3.10
- MYSQL 5.5/8.1.0
- Microsoft Word 2019

3. HARDWARE:

- Intel Core i3
- 4 GB RAM
- 1 TB Hard Disk
- 1366 x 768 Screen Resolution

SYNOPSIS

Project Description

Module Name-

1. addbook
2. issueb
3.submitb

Database Description: A library management system is software that is designed to manage all the functions of a library. It helps librarian to maintain the database of new books and the books that are borrowed by members along with their due dates. This system completely automates all your library's activities.

DATABASE NAME: LibraryMS

Table Name-

1. Books
2. Issue
3. Submit

Coding

##

#######

LIBRARY MANAGEMENT

SYSTEM
######

```
import mysql.connector as a

con=a.connect(host="localhost",user="root",passwd="")

mycursor=con.cursor()
